

A Message From Heaven

By DJ Dano - In memory of Debra Derosier

This is a message from heaven above and I'm always
giving you my Love.
I am finally at peace
and it is a great release

I live in such a beautiful place where I have God's
embrace. There is no more pain or suffering only
the love that you bring

I can stand above the sunrise and look straight
into your eyes or I can sit upon a star
and always see you from afar.

Memories of me will live on for eternity and that's the
way it'll always be.
My spirit is your guiding light that shines so
big and bright

I'm like an Eagle flying free
and I'm as happy as one can be.

She'll be missed by us all
now she can stand straight and tall.
