

Loss

**I miss hearing your voice,
I wished I had a choice.**

**Did you hear my cry?
When they told me you died?**

**My heart still aches,
I hoped it was a mistake.**

**They say it takes time,
It was such a horrible crime.**

**It feels like a life time,
since I said good-bye.**

**I often wondered why?
You were such a great guy.**

**I was told God needed you,
but I needed you too.**
