

Saying Good-Bye

Kim is an angel that was heaven sent,
and she helped people wherever she went.
She will always brighten up your day,
because her spirit paves the way.

She could sit upon a star,
and always watch from afar.
When you see an eagle fly,
imagine her spirit in the sky.

Whenever you see a beautiful sunrise,
you can see beauty through her eyes.
Even though I have to try,
It's still hard to say good-bye.

Nothing will ever be the same,
now that God has called her name.
