

When I Am Me

When I am me the world is a wonderful place to be.
The world is not so scary when I am me.
My heart is glad when I am me,
the love that I have in me-
encompasses those around me.

When I am me I see the best in you.
I feel your sadness when I am me,
and when you're happy I share your joy,
and it's heaven on earth when I am me.

I fall when I am me-
it's hard for me to see the best in me.
The world becomes dark and confusing to me,
and then I cannot see me.

I preserve and yet I go on-just balancing on hope.
It's then I realize-I am still just me,
and the world is a wonderful place to be
