

When You Hold Me Ever So Close

When you hold me all my fears go away.
You make everything seem like it's going to last forever.
You make me feel special
I want to be with you always.
When we are apart I long for your touch,
and for you to hold me ever so close.

When you hold me near,
all of the memories seem to disappear.
I feel like I'm on top of the clouds.
I wish it could last forever.
I wish we didn't have to say goodbye.
I'd love you to hold me all the time someday.

When you hold me my problems seem to disappear,
and vanish into thin air.
But when we're apart I feel an emptiness.
When we are together I feel whole again.
I feel like we will last forever,
when you hold me ever so close.
